Superintendents and Charter Administrators,

During the November 28<sup>th</sup> Idaho State Board of Education meeting, board members considered and passed a proposed rule regarding paraprofessionals. As you recall, the prior proposed rule brought forward during the August state board meeting led to further discussion and input. It was your input and valuable feedback that led to the revised rule, which was passed by board members.

Links to both the original, and revised rules are listed below. I appreciate your feedback on this rule, and look forward to continued collaboration moving forward.

Sincerely,

A handwritten signature in blue ink that reads "Sherri Ybarra".

Sherri Ybarra  
Superintendent of Public Instruction
