

PROFESSIONAL LEARNING COMMUNITY

The Three Big Ideas of a PLC

#1: Ensure that ALL students learn

#2: A culture of collaboration

#3: A focus on results

The 4 Questions of a PLC

1. What do we want ALL students to know and be able to do?
2. How will we know when each student has learned?
3. How will we respond when students struggle?
4. How will we enrich and extend the learning for students who are proficient?

WHY PLC?

The common themes in what makes various strategies successful are... teachers talking with other teachers about teaching and planning, deliberate attention to learning intentions and success criteria, and a constant effort to ensure teachers are seeking feedback information as to the success of their teaching on their students”

-John Hattie
