

MEET THE TEAM

Idaho Technology Innovator Facilitators

Introducing Rick Stoddard, Nicole Sarty, Barbara Nelson, Gina Kwid, Kellie Taylor, Stacie Knight, and Kelsey Margulieux are experienced educators dedicated to helping teachers integrate technology, create modern learning environments, and expand student opportunities.

Where do I start?

That's where these facilitators come in. With years of expertise in technology integration across Idaho, they are here to support you. They offer training, resources, virtual meetings, and tools to help teachers confidently integrate technology, making implementation easier and more effective for student learning.

These facilitators help with materials like: Databots, Micro:bits, Beebots, LEGO materials, Scratch and more.
