These high-impact teaching practices engage students in the Standards for Mathematical Practice described in the Idaho Content Standards for Mathematics.

1. Establish mathematics goals to focus learning
2. Implement tasks that promote reasoning and problem solving
3. Use and connect mathematical representations
4. Facilitate meaningful mathematical discourse
5. Pose purposeful questions
6. Build procedural fluency from conceptual understanding
7. Support productive struggle in learning mathematics
8. Elicit and use evidence of student thinking

The Idaho Mathematics Instructional Framework is adopted from *Principles to Actions: Ensuring Mathematical Success for All*, National Council of Teachers of Mathematics (2014).
