

# Idaho Math Transitions Webinars

Mathematics teachers and leaders are invited to learn about the work of the Idaho Math Transitions Steering Committee. This group has been focused on supporting a successful transition from high school to college in mathematics.

## Some of the topics we will discuss are:

- 1) What standards should be taught in each grade of high school?
- 2) How can high school mathematics courses align vertically to Idaho colleges and universities?
- 3) How can more students be “STEM” ready?
- 4) How can we encourage all students to take four years of math in high school?
- 5) How can we integrate high school mathematics with CTE programs?
- 6) How can we create regional networks who collaborate about high school mathematics?

## Virtual Dates will be:

Monday, November 6	3:00 – 4:30 PT / 4:00 – 5:30 MT
Monday, November 13	3:30 – 5:00 PT / 4:30 – 6:00 MT
Thursday, November 16	4:00 – 5:30 PT / 5:00 – 6:30 MT

Register at: <https://forms.office.com/r/sG47wv5vj5> or scan QR Code

## Who should attend:

High school mathematics teachers, College and Career Counselors, High School Administrators, District Administrators, Instructional Coaches
