

# Section I. Test Administration Quick Guide

The Online Testing System has two components:

- Test Administrators (TAs) use the TA Interface to create and manage test sessions.
- Students use the Student Testing Site to take the tests.

## TA Interface: Login and Test Setup

1. On the ISAT portal (<http://idaho.portal.airast.org/>), select the test you are taking.
2. Click the **TA Interface** card. The login page appears.
3. Enter your email address and password.
4. Click **Secure Login**. The TA Interface appears.

Login Page

A login form with a white background and a blue border. It contains three input fields: "Email Address" with a person icon, "Password" with a lock icon, and a "Forgot Your Password?" link. At the bottom is a blue button labeled "Secure Login".

5. Start a test session.

- a. In the **Test Selection** window, select the tests to administer.
- b. Click **Start Operational Session**. The session ID appears at the top of the page.

6. Provide the session ID to the students signing in to your test session.

TA Interface: Select Tests, Start Session

7. Have students sign in to the Student Testing Site using their first name, EDUID, and the session ID from step 5.c. For more information about the student login process, see the section [For Students: About the Testing Process](#).

Student Testing Site: Sign In

8. Approve students for testing. When students select tests, the **Approvals** box in the upper-right corner of the TA Interface shows notifications. Click **Approvals** to view the list of students awaiting approval.

- To review and update a student’s test settings and accommodations, click  in that student’s row.
- To approve an individual student for testing, click .
- To deny a student for testing, click  and enter the reason in the box.
- To approve all students for a given test or segment, click **Approve All Students** for that test or segment.

TA Interface: Approve Students

TA Interface: Edit Student Test Settings

9. Monitor the students’ progress throughout their tests. Students’ test statuses appear in the Student Status column of the **Students in Your Test Session** table.

This column also displays the number of test questions the student has answered out of the total number of questions in the test.

- Click  to pause an individual student’s test. If a student’s test is paused for more than 20 minutes, that student cannot review any questions completed before the test was paused.
- Click  to view a student’s full information, including current test settings.

10. When the time is up, stop the test session and log out.

- a. Click  to stop the session and automatically pause any in-progress tests in your session.
- b. Click **Log Out** to exit the TA Interface.

Once you stop a session, you cannot resume it. If you stop a session and students need to continue testing, start a new session.

You can pause a test at any point. If you pause for more than 20 minutes, you cannot review any questions completed before pausing, unless you paused on a page with incomplete questions.

## Test Layout and Tools

This section provides an overview of the Online Testing System's available tools and where they are located.

[Figure 1](#) shows the basic test layout and primary tools available in the Student Testing Site.

Figure 1. Test Layout

## Global and Context Menus

The global and context menus allow students to access on-screen tools. Students can access these tools using a mouse or keyboard shortcuts.

### About the Global Menu

The global menu at the top of the test page contains navigation buttons on the left and tool buttons on the right (see [Figure 2](#)).

Figure 2. Global Menu

To open a test tool in the global menu:

1. Select the button for the tool. The selected test tool activates.

### About the Context Menus

Each test page may include several elements, such as the question, answer options, and stimulus. The context menu for each element contains tools applicable to that element (see [Figure 3](#) and [Figure 4](#)).

Figure 3. Context Menu for Questions

Figure 4. Context Menu for Answer Options

### Opening a Context Menu for Stimuli and Questions

Students can access context menus by right-clicking elements or by selecting elements and then clicking the context menu button.

To access the context menu for a passage or question:

1. Click the context menu  button in the upper-right corner of the stimulus or question. The context menu opens.
2. Select a tool.

## Opening a Context Menu for Answer Options

Students can use the context menu to access tools for answer options in a multiple-choice or multi-select question.

To access an answer option's context menu:

1. To open the context menu, do one of the following:
  - If you are using a **two-button mouse**, right-click an answer option.
  - If you are using a **single-button mouse**, click an answer option while pressing **Ctrl**.
  - If you are using a **Chromebook**, click an answer option while pressing **Alt**.
  - If you are using a **tablet**, tap the answer option and then tap the context menu button (this selects the answer option until you select a different option).
2. Select a tool from the context menu.

## Available Test Tools

[Table 1](#) lists the tools available in the *Global Menu* section of the test page, while [Table 2](#) lists the tools available in the *Question* and *Stimulus* sections (context menu tools).

**Note:** Some tools are available for all tests, while others are only available when testing in a particular subject or when testing with a particular accommodation.
