

Supporting Educators with Ethical Decision Making

Professional ethical standards help provide consistent guidance for educators' interactions and professional relationships - *they supply a common framework when making critical decisions.*

Key Features

-  Asynchronous professional development
-  Self-directed pace
-  Engaging video and written scenarios
-  Rich feedback
-  End-of-module checks for understanding
-  An end-of-course certificate of completion

ProEthica's seven instructional modules support faculty, administrators, and aspiring educators alike across all stages of their learning journeys, from teacher preparation and certification through professional development and classroom instruction.

**Aligned with the Model Code of Ethics for Educators.
Grounded in research.**

ProEthica's guiding principles and real-life scenarios help safeguard students and faculty, minimize risk and significant ethical consequences, and strengthen a culture of collaboration and openness.

**ProEthica is
available for \$35.00
per individual.**
