FOREWORD

Idaho is blessed with great educators who really want to help our children be successful and this responsibility requires high ethical standards and a code of ethics - ethical standards - that our teachers and administrators must abide by on a daily basis. Those standards can be found in this booklet, the Code of Ethics for Idaho Professional Educators. Please take the time to read it, reflect on it, and continuously reinforce the values expressed in its pages.

The Code of Ethics for Idaho Professional Educators is designed to remind everyone that educators serve the schools and the community, by providing opportunity to all students, regardless of their socio-economic status. Our work must emphasize accountability results, high expectation, and achievement for all.

Education has the power to be “the great equalizer.” It can only be so if the practitioners of education maintain professional conduct while recognizing his or her actions will be viewed by the community, other professionals, and students. To that end, we are pleased to provide you with this Code of Ethics. This booklet is another resource for you as you continue raising student achievement for all school children.

Sincerely,

Sherri Ybarra
Superintendent of Public Instruction
PREAMBLE

Believing in the worth and dignity of each human being, the professional educator recognizes the supreme importance of pursuing truth, striving toward excellence, nurturing democratic citizenship and safeguarding the freedom to learn and to teach while guaranteeing equal educational opportunity for all. The professional educator accepts the responsibility to practice the profession according to the highest ethical principles.

The Code of Ethics for Idaho Professional Educators symbolizes the commitment of all Idaho educators and provides principles by which to judge conduct.

ASPIRATIONS AND COMMITMENTS

The professional educator aspires to stimulate the spirit of inquiry in students and to provide opportunities in the school setting that will help them acquire viable knowledge, skills, and understanding that will meet their needs now and in the future.

The professional educator provides an environment that is safe to the cognitive, physical and psychological well-being of students and provides opportunities for each student to move toward the realization of his goals and potential as an effective citizen.

The professional educator, recognizing that students need role models, will act, speak and teach in such a manner as to exemplify nondiscriminatory behavior and encourage respect for other cultures and beliefs.

The professional educator is committed to the public good and will help preserve and promote the principles of democracy. He will provide input to the local school board to assist in the board’s mission of developing and implementing sound educational policy, while promoting a climate in which the exercise of professional judgment is encouraged.
The professional educator believes the quality of services rendered by the education profession directly influences the nation and its citizens. He strives, therefore, to establish and maintain the highest set of professional principles of behavior, to improve educational practice, and to achieve conditions that attract highly qualified persons to the profession.

The professional educator regards the employment agreement as a pledge to be executed in a manner consistent with the highest ideals of professional service. He believes that sound professional personal relationships with colleagues, governing boards, and community members are built upon integrity, dignity, and mutual respect. The professional educator encourages the practice of the profession only by qualified persons.
