Institutions that participate in multiple Child Nutrition Programs enter into a single permanent agreement for all programs the Institution administers. The agreement between the Institution and SDE authorizing the Institution to operate CACFP must be maintained by both parties.

Annually the Institution must renew its application and all site applications on the Child Nutrition Programs online system (MyIdahoCNP) but will not sign a new agreement unless there were significant changes in CACFP regulations requiring an amended or new agreement.

# Application Process for New Applicants

CACFP is a voluntary, Federally-funded program. By agreeing to participate, Institutions accept final administrative and financial responsibility for the operation of CACFP according to Federal and state laws, regulations, and policies.

Any new applicant and renewing Institutions must demonstrate in its application that it is capable of operating in conformance with the above performance standards. SDE shall only approve the applications of those new applicants and renewing Institutions that meet these performance standards and must deny the applications of those new applicants that do not meet the standards.

This section provides an overview of the necessary steps for applicants to complete in the application process.

## THE FIVE-STEP APPLICATION PROCESS

After a potential applicant contacts SDE to determine initial eligibility, the applicant must successfully complete the following steps in the application process to become an Institution in CACFP.

### Step 1: Fiscal Resources and Financial History

A new applicant must demonstrate that it has adequate financial resources to operate CACFP on a daily basis, has adequate sources of funds to continue to pay employees and suppliers during periods of temporary interruptions in CACFP payments and/or to pay debts when fiscal claims have been assessed against the Institution, and can document financial viability. Please note, Idaho does not require a Bond for organizations to apply for initial participation in CACFP. A potential applicant must submit the applicants most current three years of financial records to SDE via either email or USPS:

1. US Income Tax Returns
2. Income (Profit/Loss) Statements
3. Balance Sheets
4. Cash Flow Statements

Step 1 is waived for current NSLP and SFSP sponsors applying to sponsor At-risk Afterschool Site(s) in CACFP.

If the Institution is new or has changed ownership and does not have three years of records

they must submit actual financial records for the current time in business and the remaining three years' information must be submitted as projections.

SDE will submit the financial records to a financial consultant for review and approval. The applicant will be notified by SDE when this process is complete or if additional information is needed to determine financial viability. If the records are approved, the applicant will be directed to start Step 2 and the SDE will provide the "Start-Up" Application form, MyIdahoCNP User Authorization form and IRS Form W-9.

### Step 2: Required Documents for SDE to Set Up MyIdahoCNP Application Packet

Institutions sponsored by SDE are set up in MyIdahoCNP either as an Independent Center (IC), Sponsoring Organization of Centers (SOC), or Sponsoring Organization of Day Care Homes (SODCH). The definitions of each Institution type are provided at the beginning of this manual section. The applicant must submit a completed "Start-Up" Application form and the following documents to SDE either via email or USPS mail:

1. MyIdahoCNP User Authorization Form
2. IRS Form W-9
3. Copy of 501-C-3 authorization from the IRS (7 CFR 226.15 Tax exempt status, except for For-profit centers and sponsoring organizations of For-profit centers, Institutions must be public, or have tax exempt status under the Internal Revenue Code of 1986).

Once SDE receives the documents listed above, the new applicant will be set up in MyIdahoCNP, SDE's on-line application and claiming system. The applicant will be notified when this is complete and must login to MyIdahoCNP and complete the ***sponsor and site application(s)*** prior to SDE assigning the required CACFP training in Step 3.

### Step 3: Complete Required Training

Applicant's key administrative staff will complete assigned New Center Training Modules and email or mail each training certificate to SDE: Key administrative staff would be the director or the owner of CACFP, the center program contact, and the financial or business manager (if applicable). 9. Menu and Production Records
10. Procurement Requirements
11. Serious Deficiency Process
12. Sponsoring Organization Monitoring Process

Once SDE receives all training certificates the applicant will be notified to begin Step 4.

Prior to submitting the packet for approval, the applicant must attach the additional

documents listed above in the application packet under “Attachment List”. Each document must be attached separately. The application packet must be completed 30-60 days from completing training in step 3.

Once the packet is submitted for approval, SDE coordinators will review the application for completion and for compliance with regulations and policies. Further information or clarification may be requested. Additional information or clarification must be received within 30 days after submitting the initial application packet. If when reviewing the application, SDE determines the Institution has committed one or more serious deficiencies SDE must initiate action to:

Please refer to the Serious Deficiency section of the manual for information.

If the application meets regulatory requirements and is accepted, it is considered complete by the SDE. At this point, a pre-approval visit will be scheduled with the applicant to visit the Institution’s operation within 15 days of accepting the complete packet.

#### Step 5: Pre-Approval Visit

New private non-profit and proprietary child care Institutions, must receive a pre-approval visit by SDE to confirm the information in the Institution’s application and to further assess its ability to manage CACFP.

During the pre-approval visit, SDE will review one month of menus and production records that have been completed by the Institution before SDE staff arrives at the Institution. Applicants must implement all meal and record keeping requirements prior to the pre-approval visit or approval of the application will be delayed or denied. The pre-approval visit will include:

If corrective action is required from the pre-approval visit, the corrective action must be submitted within 10 days of the pre-approval visit.

SDE will either approve or deny the application within 30 days of receiving a complete application packet in MyIdahoCNP and notify the applicant if approved via email and if denied via certified mail and include reasons for disapproval of the application. Denial of participation in the CACFP is an appealable action and the SDE will provide the administrative appeal procedures with the denial notice.

If approved, the Director of CNP will sign the permanent agreement and send a copy to the applicant. In addition, SDE will provide the Institution with technical assistance on submitting monthly claims through MyIdahoCNP.

While SDE makes every effort to help a new applicant fulfill the necessary requirements to participate in CACFP, the ultimate responsibility for submitting all required application materials lies with the applicant. Applicants must complete this process within six (6) months from the date they completed training. If the applicant fails to complete this process within the six (6) month period, the applicant's application will be denied and the applicant will be required to repeat the process from the beginning.

#### [Idaho Statewide Media Release](#)

The media release no longer appears on the checklist since SDE issues a statewide media release on behalf of all Institutions annually. The media releases issued for Institutions other than emergency shelters, At-risk afterschool care centers, and sponsoring organizations of emergency shelters, At-risk afterschool care centers, or day care homes must include the Income Eligibility Guidelines for Free and Reduced-price Meals.

The statewide release for emergency shelters, At-risk afterschool care centers, Head Start centers and sponsoring Organizations of emergency shelters, At-risk afterschool care centers, Head Start centers, day care homes and by other institutions which elect not to charge separately for meals announces the availability of meals at no separate charge.

The statewide release for child care centers, outside school hour centers, adult day care centers and sponsoring organizations of child care centers, outside school hour centers and adult day care centers, which charge separately for meals shall announce the availability of free and reduced-price meals to children meeting the approved eligibility criteria. The

release shall also announce that children who are TANF recipients, SNAP or FDPIR households, or are Head Start participants are automatically eligible to receive free meal benefits. In addition, the release will announce that adult participants who are members of SNAP or FDPIR households or who are SSI or Medicaid participants are automatically eligible to receive free meal benefits.

Both statewide releases will state that meals are available to all participants without regard to race, color, national origin, sex, age, or disability.

### Free and Reduced-price Policy Statement

SDE shall not enter into a Child and Adult Care Food Program agreement with a new Institution until the Institution has submitted, and SDE has approved, a written policy statement concerning Free and Reduced-price meals to be used in all child and adult day care facilities under its jurisdiction. SDE will not require an Institution to revise its Free and Reduced-price policy statement or its nondiscrimination statement unless the Institution makes a substantive change to either policy. Pending approval of a revision to these statements, the existing policy must remain in effect.

Emergency shelters, At-risk afterschool care centers, Head Start centers and sponsoring Organizations of emergency shelters, At-risk afterschool care centers, Head Start centers and day care homes operate in CACFP as non-pricing programs.

Child care centers, outside school hour centers, adult day care centers and sponsoring Organizations of child care centers, outside school hour centers and adult day care centers may choose to participate in CACFP as a non-pricing or pricing program.

1. **Non-pricing** programs do not serve meals at a separate charge to children;
2. **Pricing** programs have a separate identifiable charge for meals served to participants.

Below is a Prototype Free and Reduced-price policy statement for **non-pricing** programs:

**Note:** This statement must be provided to all participants and/or their families/guardians, either within the parent letter for the Income Eligibility form for free and reduced-price meals or in a separate document.

At (insert name of Institution) all participants are served the same meals at no separate charge, regardless of race, color, national origin, sex, age, or disability and there will be no discrimination in the course of the food service.

(Add this section if the Institution is a Sponsoring Organization of Day Care Homes) There will be no identification of children in day care homes in which meals are reimbursed at both the tier I and tier II reimbursement rates and for children in child care centers with Free and Reduced-price meal recipients. In addition, the sponsoring organization will not make any Free and Reduced-price eligibility information concerning individual households available to day care homes and will limit the use of such information to persons directly connected with the administration and enforcement of CACFP.

Next is a Prototype Free and Reduced-price policy statement for **pricing** programs:

## APPLICATION PACKET NOTES

This is the location where SDE will place notes concerning the application review for approval and additional information needed to approve the packet. If the application packet is returned for corrections, please refer to the application packet notes and make the requested corrections.

## ATTACHMENT LIST

These are additional documents not listed in the checklist but must be provided by the Institution before submitting the packet for approval:

1. One week of *Completed* Menu Records- production or detailed menu records
2. One month of planned menus
3. Food service contract—if meals are contracted from a food service management company, school district, or other vendor
4. USDA Foods or Cash in Lieu Preference Form
5. Signed and Dated CNP Permanent Agreement (only for new sponsors)
6. One blank enrollment form currently being used by the Institution

## SITE OR PROVIDER APPLICATION(S)

The center site and day care home provider applications have a different order in which the information is collected. Below is a general guideline for information required for each to be completed. Institutions must complete a center site or provider application for each sponsored center and/or provider.

### Effective Date (Provider application only)

The applicant must provide the month and year the sponsoring organization determined the provider is ready to submit claims for reimbursement. For example, if the sponsor conducted the preapproval visit September 21, 2020, training was completed prior to October 1, 2020 and the provider started serving meals and maintaining required claim records on October 5, 2020 the applicant would select 10/1/2020 from the drop-down menu and Oct. 2020 is the first month the sponsor may submit a claim for that provider.

Any time after the provider application is approved by the SDE, if the sponsor revises the application for SDE approval, the sponsor must select the effective date for the changes. It is important to note, changes to the meal schedule must be approved by the SDE prior to the provider implementing the change. Therefore, if the provider is planning to add AM snack as a meal service November 1, 2020, the sponsor must revise the application in October 2020, select 11/1/2020 as the effective date, make the meal service revision and

submit the packet for approval to the SDE prior to 11/1/2020 so the SDE may approve the changes prior to the provider serving the AM snack for reimbursement.

**Centers** Since there is not an option for sponsors to select the effective date of the application in the site application it is important the sponsor submits the application for approval prior to the date the center plans to implement the meal schedule changes.

1. Street and mailing address for center site or day care home provider
2. List of center site Responsible Individuals or day care home provider (Contacts responsible for CACFP operation and administration) and their date of birth

For area eligibility determinations, the SDE posts on the CNP website annually in April a list of elementary, middle and high schools in Idaho where at least one-half of the children enrolled are certified eligible to receive Free or Reduced-price meals. This is the link to the CNP website where the Lunch Eligibility Report is located, <https://www.sde.idaho.gov/cnp/resource-center.html>

Institutions are not eligible for the CACFP if their licenses lapse or are terminated. Institutions must comply with applicable procedures to renew licensing, submit documentation of licensing or demonstrate compliance with Idaho health and safety standards or the application will be denied.

# Process When Licensing Agency is Unavailable

## CACFP CHILD CARE STANDARDS

If child care licensing at any time becomes unavailable in any area of the State of Idaho, child care centers and homes must meet the following CACFP Child Care Standards.

### Staff/Child Ratios

Day care homes provide care for no more than 12 children at any one time. One home caregiver is responsible for no more than 6 children ages 3 and above, or no more than 5 children ages 0 and above. No more than 2 children under the age of 3 are in the care of one caregiver. The home provider's own children who are in care and under the age of 14 are counted in the maximum ratios of caregivers to children.

Child care centers do not fall below the following staff/child ratios:

1. For children under 6 weeks of age—1:1;
2. For children ages 6 weeks up to 3 years—1:4;
3. For children ages 3 years up to 6 years—1:6;

### Safety and Sanitation

1. A current health/sanitation permit or satisfactory report of an inspection conducted by local authorities within the past 12 months shall be submitted
2. A current fire/building safety permit or satisfactory report of an inspection conducted by local authorities within the past 12 months shall be submitted
3. Fire drills are held in accordance with local fire/building safety requirements

### Social Services

Independent centers, and sponsoring organizations in coordination with their facilities, have procedures for referring families of children in care to appropriate local health and social service agencies.

### Health Services

1. Each child is observed daily for indications of difficulties in social adjustment, illness, neglect, and abuse, and appropriate action is initiated
2. A procedure is established to ensure prompt notification of the parent or guardian in the event of a child's illness or injury, and to ensure prompt medical treatment in case of emergency
3. Health records, including records of medical examinations and immunizations, are maintained for each enrolled child (Not applicable to day care homes)
4. At least one full-time staff member is currently qualified in first aid, including artificial respiration techniques (Not applicable to day care homes)
5. First aid supplies are available

The Institution provides for orientation and ongoing training in child care for all caregivers.

### Parental Involvement

Parents are afforded the opportunity to observe their children in day care.

### Self-Evaluation

## Updating an Approved Packet During a Fiscal Year (FY)

---

Once the Institution's packet is approved in a Fiscal Year (FY), it can be changed and resubmitted for approval to SDE. Failure to properly request changes may delay the processing of the claim for reimbursement or may result in a reduced reimbursement. All changes must be approved by SDE prior to the changes becoming effective. Common changes that occur during the fiscal year are:

1. Change in Board of Director members
2. Change in key CACFP Institution personnel and contact information
3. Change in MyIdahoCNP User Authorization
4. Change in licensing
5. Change in meals being claimed for reimbursement
6. Adding or dropping a site
7. Change in meal times

## Annual Updating and Renewing the Application

---

CACFP operates on the Federal fiscal year that begins on October 1 and ends September 30. Failure to submit a complete and correct renewal application may result in delay or disruption of reimbursement, or ultimately in termination of the SDE-Institution Permanent Agreement. The deadline for submitting renewal applications for For-profit Institutions is August 15<sup>th</sup> and for Nonprofit Institutions is August 31<sup>st</sup>.

The first step in the process to renew an Institution's application is for the Institution to complete a budget workbook for the new fiscal year. Independent Centers and Sponsoring Organizations of Centers budget workbooks are due June 1<sup>st</sup>. Sponsoring Organizations of Day Care Homes budget workbook is due August 1<sup>st</sup>. The budget workbooks must be approved by SDE before the Institution may submit their new fiscal year application packet for approval in MyIdahoCNP.

Renewing Institutions are required to review and update all sections of the sponsor application packet for the next fiscal year with the most current information, data and certifications. Please note, information from the previous program year packet will rollover to the next fiscal year when the Institution initiates this process in MyIdahoCNP. This packet includes:

- Sponsor Application
- Civil Rights Information
- Board of Directors

- Sponsor Budget Detail
- Sponsor Management Plan
- Checklist
- Attachment List
- Site or Provider Application(s)

In the management plan the Institution must report whether or not policy or procedures were updated within the past year. If they were not updated the renewing Institution is not required to submit the policy or procedures and they will not be listed on the Institution's checklist. In addition, in the management plan if the Institution states they are using approved SDE forms, the forms the Institution indicated as SDE approved will not be listed on the checklist and required to be submitted to SDE.

Annually the renewing Institution must submit verification that all facilities under its sponsorship have adhered to the training requirements in CACFP regulations per 7 CFR 226.6 (f)(1)(vii). To meet this requirement each sponsoring organizations of centers and day care homes must submit the organizations annual training tracking log and training agenda(s) for the previous program year by October 5. The log and agenda(s) must be attached in MyIdahoCNP new program year application packet on the attachment list. The tracking log must include each facility, each key staff name per facility that completed the training and date training was completed.

SDE will provide assistance to Institutions that have submitted an incomplete application.

Any new or renewing Institution applying for participation in CACFP will be notified via email when their packet is approved. If the packet is not approved by SDE, SDE will notify the Institution within 30 calendar days of receipt of a complete application that the packet was not approved. This notice will be via certified mail and the notice will provide the reasons for disapproval and the right to appeal.

If, during the SDE's review of the Institutions application, a renewing institution or one of its principals is determined to be on the National Disqualified List, the SDE may not approve the application. If a renewing sponsoring organization submits an application on behalf of a facility, and the SDE determines that either the facility or any of its principals is on the National Disqualified List, the SDE may not approve the application. In accordance with 7 CFR 226.6 (k)(3)(vii), the SDE refusal to consider the application is not subject to an administrative review.
