# Receipting Requirement

## **General Information**

- 'Receipts' refer to confirmation of items received entered by the customer after delivery.
- These are not bills to be paid by the customer.
- Accurate receipts ensure that program funds are drawn down based on what is actually received.

# Receipting Requirement

## Timeline for Receipting

- Receipt entry in FFAVORS becomes available on the order's requested delivery date (RDD). If a delivery arrives early, the customer will need to wait until the RDD.
- Receipts should be entered within seven (7) calendar days of the RDD. In most cases, this is within five (5) work days.
- All receipts remain on the 'Edit Receipts' list for a full seven (7) calendar days after the RDD. Receipts may be entered and updated multiple times as needed during this time.

# Receipting Requirement

## Past Due Receipts

- Receipts are considered past due if they have not been entered in FFAVORS by the end of the 7<sup>th</sup> calendar day after the scheduled RDD.
- When there are past due receipts, no orders can be placed by (or on behalf of) the customer. The order block is removed after these receipts are entered.
- State users can view all past due receipts for customers within the state via the **Past Due Receipts** link in the 'Orders' menu.
- Contact the [DLA Account Specialist](#) with any questions about receipting or problems with past due receipts.

Enter information for the new customer organization.

*Note: If adding a school district and new school(s), add the school district first so it will be available for selection for the school(s).*

FFAVORS requires that each school must be assigned to a County/District. If adding a new school district and new school(s), add the school district first. Then return to this page to add school(s). ### Annual Point of Contact (POC) Verification

Each year point of contacts (POCs) assigned to each customer need to be reviewed and updated as needed. The primary POC for an ordering customer will appear to vendors as the person to contact for any issues related to orders. If a primary POC is not set, the most recently logged in ordering user will be the primary POC shown to the vendor.

Please review each POC listed below. To add, update or remove a POC, select the associated customer code link. To clear all existing POCs, select the *Clear All POCs* button. Once POC review is complete, select the *Annual Review Complete* button. To review later (the next time you log in), select the *Review Later* button.

Each Customer will see all customers at their level or below and can add/update Point of Contact information. To select a Customer, select the CUST CODE link.
