## **DEPARTMENT SEEKS TEACHER PARTICIPATION IN THE 2015 MATHEMATICS TEACHER PREP STANDARDS REVIEW**

(BOISE) – The Professional Standards Commission (PSC), along with the State Department of Education is seeking dedicated professionals to participate in the 2015 review of the Mathematics Teacher Preparation Standards. These are the standards by which every Idaho teacher preparation program must build their coursework in order to maintain state approval for communication and journalism certification.

Many educators in Idaho have volunteered their services for similar reviews in the past and the department seeks to have continued support for this review. Through this process the department and the PSC intend to better align these standards with current best practices and national standards.
