(BOISE) – The Child Nutrition Division of the Idaho State Department of Education is seeking partners for this year’s Summer Food Service Program. The Summer Food Service Program provides free meals and snacks to children, ages 1-18, which live in areas in low-income areas during the summer months.

The Summer Food Service Program was created to assist families who may not be able to afford to give their children nutritious meals when school is not in session. Nationally, during the school year more than 30 million children eat school lunch daily, and more than half receive meals free or at a reduced price. These lunch programs end when school ends, but hunger doesn’t take a summer vacation. The Summer Food Service Program helps fill the hunger gap by offering year-round access to healthy food.

The Department contracts with community partners, referred to as “sponsors”, to feed children during the summer months. Sponsors are reimbursed for each qualifying meal or snack they serve at approved sites. The Department can provide assistance in identifying options for providing meals.

Last year, Idaho’s 74 summer food sponsors served approximately 1.24 million meals and snacks at over 300 sites. For more information on becoming a Summer Food sponsor or feeding site, contact Angela Kraft at akraft@sde.idaho.gov or call (208) 332-6820.

For the 2016 program year, sponsors may be, but are not limited to:

- Public or private nonprofit schools
- Public or private nonprofit residential camps
- Local, municipal, county, tribal, or state governments
- Public or private nonprofit colleges or universities that participate in the National Youth Sports Program
