

OFFEROR QUESTIONS – RFP 25-2700, Idaho Reading Indicator

All questions submitted by Offerors have been answered below.

Question	RFP Section	RFP Page	Question	Response
1	8.5.1	52	Does the RFP now suppose a separate Screener and Progress monitoring tool	The progress monitoring tool is now optional and can be an optional cost as well.
2	Optional Pricing	64	If a company's screener solution can also be used for progress monitoring how should that be noted in the updated "optional" section of the cost proposal	List it as "part of the screener solution".
3	Optional Pricing	64	Since the adaptive component of the assessment has been moved to optional, should companies proposing an adaptive solution simply say, "included" in the adaptive line item of the optional cost proposal.	Yes
4	8.5.7	54/68	Please provide more information about the relevant subsection(s) of Idaho State Statute 33-1002 and how IDE is expecting this statute would be supported through assessment growth calculations/reports.	Because this question is unrelated to the changes made to the RFP in Amendment #2, the Department is unable to answer this question.
5	Section 8.1.5B, Training	33	How many buildings/teachers does the State anticipate will need training during the contract term?	Because this question is unrelated to the changes made to the RFP in Amendment #2, the Department is unable to answer this question.
6	1.7	10	What is the number of LEAs that will take part in the pilot? How many leaders will need to be trained to deliver training to Idaho educators?	Because this question is unrelated to the changes made to the RFP in Amendment #2, the Department is unable to answer this question.
