Most of the dollars we distribute to you are based on the information you upload via ISEE, including data for mid-term & best 28 week average daily attendance, enrollment, and staffing

- Critical that you report accurate data via ISEE in compliance with state laws and board rules
- If you aren’t sure about something – reach out to your regional ISEE Technical Coordinator or Public School Finance
- It is essential that you make it a practice to review your data before and after it has been uploaded and make corrections ASAP
Advanced Opportunities (33-4602, I.C.)

- **Advanced Opportunities** – Funding is available to pay for overload courses, dual credit courses, postsecondary credit-bearing exams, career technical certification exams, CTE workforce training, college entrance exams, and preliminary college entrance exams. Every public school student in grades 7-12 is allocated $4,125.00 for these purposes. In most cases, these funds will be paid directly to Idaho public post-secondary institutions and IDLA. The school district or charter school will be the recipient of these funds if:
  - The school district or charter school is the provider of an overload course.
  - A course taken by a student is through a private institution or outside the state of Idaho. The school district or charter school will be expected to forward these funds to either the institution or to the family.
  - Students are requesting funds for an examination (AP, IB, CLEP, and CTE). The school district or charter school will likely be billed for this activity by the exam provider, or may need to reimburse the family.
Advanced Opportunities (33-4602, I.C.)

- **Early Graduation Scholarship** - These funds are related to scholarships awarded to students for Early Graduation. If a student graduates at least one year early, they are eligible for a scholarship equal to 35% of the statewide ADA funding, which they can use at an Idaho public post-secondary school. The SDE will disperse these scholarships directly to the college or university. School districts and charter schools will receive an equivalent award of 35% of the statewide ADA funding for any student who graduates at least one year early that is reported to the SDE by June 15th of each year.

Receipts for all transactions related to Advanced Opportunities are available in the Advanced Opportunities portal.

Contact Brock Astle (208-332-6944, bastle@sde.idaho.gov) for additional information.
Bond Levy Equalization Support Program (33-906, I.C.)

This program is available only to school districts. A copy of the bond payment schedule needs to be sent to Public School Finance. The Value Index is calculated each year based on market value per support unit, per capita income, and unemployment data. Bond Levy Equalization Support Program payments must be deposited into your bond interest and redemption fund and taken into consideration when calculating the bond levy budget certification to your county(ies).

Leadership Premiums (33-1004J, I.C.)

Eliminated per House Bill 443, 2022 Legislative Session.

The following is from the Statement of Purpose for H 443:

This proposal creates a dedicated fund for the purpose of funding the one-time amount required for public schools to buy in to the state’s medical and dental group insurance plan. It establishes limits for the amount that can be allocated per school district, and how to handle situations in which the demand exceeds available funds. To offset an ongoing amount of funding for school health insurance, this bill also sunsets leadership premiums and removes references to it throughout code.

• As of today, there is not a temporary board rule in place allowing FTE Enrollment to be used for funding purposes for FY 2023.

• The State Board of Education has indicated they will enact a similar temporary rule allowing FTE Enrollment to be used for funding purposes for the remainder of this year and for FY 2023.

  • At two separate meetings, the Board President has clearly indicated:
    1. A temporary rule will be heard at their April 20-21 meeting.
    2. Schools should budget for 2022-2023 using FTE Enrollment based support units.

• Whether we have a temporary rule or not, schools will continue to report both average daily attendance and FTE enrollment information.
FY 2023 Protection

• Protection Calculation [33-1003(1)]
  • Uses Average Daily (Aggregate) Attendance for the current year and the prior year
    • Based on the laws in place at that time; for FY 2022, aggregate attendance calculated per the temporary rule will be used
    • FY 2023 attendance will be determined using the rules in place at the time the support units are calculated (February for mid-term units, July for best 28 weeks support units)
  • The FY 2023 Protection calculation will compare prior year (FY 2022) aggregate attendance (based on the temporary rule) to current year (FY 2023) aggregate attendance based on the rules in place at that time
    • School districts will be protected if their FY 2023 aggregate attendance is below 97% of their prior year aggregate attendance
  • The estimated “cost” of protection, without a temporary rule similar to that for this year, whether protected or not, could be 2-3% of your FY 2023 support units
• Career Ladder

  • Currently, no Instructional/Pupil Service staff shall be paid less than the R1 allocation for a FTP per 33-1004E(1), Idaho Code
  
  • Beginning in FY 2023, no Instructional/Pupil Service staff on the Professional or Advanced Professional rungs will be paid less than the P1 allocation for a FTP per 33-1004E(2), Idaho Code
