

## **Verbal Responses**

### **Choral Responses**

*The teacher asks a question, provides thinking time, and signals for all students to say the answer.*

### **Partner Responses**

*The teacher assigns students a partner placing lower performing students with middle performing students. The teacher asks a question, provides thinking time, asks partners to discuss their ideas, and then has several students share their ideas with the class.*

### **Team Responses**

*The teacher establishes teams of four by combining two partnerships. The teacher poses a question. Students share with team members until all agree on an answer. One member of each team reports to class.*

### **Individual Responses**

- a. Partner First. Teacher poses a question. All students think of the answer. The teacher asks partners to share answers and then calls on an individual.*
- b. Whip Around or Pass activity.*
