* While most Supplemental Levies are for a two-year time period, a few School Districts have Supplemental Levies that, per Idaho Code 33-802(5), are indefinite in length. Per Idaho Code 33-911(2)(b), School District Facility Funds may not be used to reduce the levy amount for indefinite term Supplement Levies.

(Small rounding differences of less than \$1 are due to the L-2 Form amounts being in whole dollars and the distribution to schools not being rounded to whole dollars.)

* While most Supplemental Levies are for a two-year time period, a few School Districts have Supplemental Levies that, per Idaho Code 33-802(5), are indefinite in length. Per Idaho Code 33-911(2)(b), School District Facility Funds may not be used to reduce the levy amount for indefinite term Supplement Levies.

(Small rounding differences of less than \$1 are due to the L-2 Form amounts being in whole dollars and the distribution to schools not being rounded to whole dollars.)
