| Provide a fiscal impact statement for all programs affected. Be sure to reflect both positive and negative impacts and to include all fund sources including both the General Fund and dedicated funds: None. | |
| Provide a short explanation of the need for this rule: The Professional Standards Commission (PSC) follows a Strategic Plan of annually reviewing twenty percent (20%) of the Idaho Standards for Initial Certification of Professional School Personnel. The following standards were reviewed by committees of content experts: Biology, Chemistry, Drama, Earth and Space Science, Elementary, Mathematics, Music, Natural Science, Pre-Service Technology, Physical Science, Physics, Visual Arts, as well as Foundation Standards for Science and Visual and Performing Arts. The suggested changes will then be recommended by the PSC for approval by the State Board of Education. | |
| Provide a short summary of the changes this rule makes: All standards and endorsements were revised to better align with national standards and best practices and then presented to the Professional Standards Commission (PSC) for consideration. The PSC will then recommend approval of proposed revisions by the State Board of Education. The rule language change will reflect a revised date of the State Board of Education's approval of the Idaho Standards for the Initial Certification of Professional School Personnel and related endorsement revisions, including endorsement revisions from previous year's standards review. | |
| Provide a list of those persons or interested group(s) affected by the rule: Educators, Students, Parents | |

| Comments: This PARF is a replacement of PARF A170-2016-8. 2016-8 did not address the fact that there would be endorsement revisions from previous year's standards review. It gave the impression that the only change was the inclusion of a revised date referencing SBOE's approval of the incorporation by reference of the Idaho Standards for the Initial Certification of Professional School Personnel. This PARF makes the necessary corrections. One of the more significant changes will be to provide a special education teacher with the option of getting a K-8 endorsement or a grade 6-12 endorsement instead of just a generalist K-12 endorsement. | |

Fiscal Impact Comments:

There is no fiscal impact.
